

REVISED

## STATEMENT OF PURPOSE

RS28990 / H0402

This bill suspends Section 67-3516(2), Idaho Code from the end of this legislative session until sine die adjournment next session. The noncognizable suspension does not apply to the Military Division for federal funds received in relation to the Federal/State Agreements Program, which includes Gowen Field and the Orchard Combat Training Center (OCTC). Section 67-3516(2) Idaho Code, allows the Governor, through the Division of Financial Management, and/or the Board of Examiners, to approve noncognizable adjustments for agencies for non-state funds at a time when the Legislature could not have appropriated those funds. Any non-state funds that would normally be approved for a noncognizable adjustment between legislative sessions would need to be addressed through an extraordinary (special) session or during the next legislative session as a supplemental appropriation.

## FISCAL NOTE

There is no fiscal impact to any fund source as a result of passage of this legislation. There would be a fiscal impact to the General Fund only if a special session is called by the Governor; currently estimated at about \$30,000 per legislative day.
